

Air Flow Measurement Stations • Fan Inlet, Round or Rectangular Duct Flow Stations

Process Weighing Systems • KIS Weigh Modules • Load Cells • Web Tension Measurement

Infrared Moisture and Thickness Gauges • Non-Contact Infrared Temperature

Direct Insertion and Full Body Thermal Mass Gas Flow Meters

Continuous and Point Level Measurement for Solids and Liquids

The Safety Company General Monitors

MSA and General Monitor Brands • Toxic, Combustible and Flame Detection • MSA Ultima X, X5000 • GM S5000 • Senscient ELDS Open Path Laser • Chillgard 5000 Refrigerant Leak Detection • Custom Sample Panel Solutions • Alarm Panel Controllers

Magnetostrictive Float Type Tank Gauging Systems • Level Indicators

Signal Conditioning and Isolation • DIN rail, DIN form B and Field Mount versions • 6mm Slimline Mounting • Intrinsic Safety Barriers • HART Communications Repeaters

Line and Loop Powered Digital Panel Meters • Rate/Totalizers • Wireless point to point • Modbus Converters

Thermocouple and RTD Temperature Sensors and Thermowells • Temperature Transmitters

Bi-Metallic Temperature Gauges • RTD and Thermocouple Sensors and Thermowells • Pressure Gauges, Switches and Remote Seals

Pneumatic Damper Drives: 90 to 10,000 ft.lb. • Exact Retrofit of Existing Floor Mounts, Direct Mounts and Other Mounting Variations • K-Tork Vane Actuator. • Rotork Electric Drive Products

Water and Air Eductors • Steam Jet Vacuum Systems • Desuperheaters

Particulate and Opacity Monitoring Systems • FLOWSIC Ultrasonic Flow measurement for Flare and Stack • Extractive and Insitu Gas Analysis including CO, CO2, NH3, NO2, NO, SO2, O2 and Hg • Industry solutions for Cement and Power Industries

Chlorine, Free Chlorine, Free Total & Combined Chlorine • Conductivity, Cation Conductivity, Degassed Acid Conductivity • Low Level Dissolved Oxygen • Hydrazine • pH • Phosphate • ORP • Resistivity • Silica, Trace Silica • Sodium, Trace Sodium • Total Organic Carbon • Turbidity

Coriolis Mass, Vortex and Magnetic Flow Meters • EJA/EJX Flow, Pressure, Level and Temperature Transmitters • DAQStation Video Recorders and Data Acquisition • EXA O<sub>2</sub>, pH, ORP and Conductivity Analyzers • GC8000 Gas Chromatograph • Gas Density • TruePeak TDLS • UT/UP Single Loop Controllers, Digital Indicators and Signal Conditioning • Centum VP Production Control System
